# Battery Service

## The Problem:

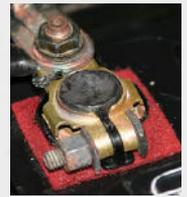

Corrosive build-up drains power from your battery & destroys terminal connections.

## The Result:

Battery will last longer and won't leave you stranded.

Battery terminal with corrosion build-up.

Battery terminal after BG Battery Service.

**FUEL SAVER  
SERVICE**

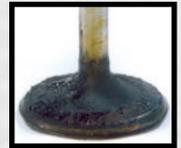

# Fuel / Air Induction Service

## The Problem:

Deposits causing loss of power, reduced fuel efficiency, rough idling.

## The Result:

Increased fuel economy, restores horsepower, smoother start and idle.

Intake valve with heavy deposit build-up.

Intake valve after service.

# Brake Flush Service

## The Problem:

Harmful deposits and oxidation build-up, 'Spongy' braking.

## The Result:

Longer lasting, more efficient, safer braking system.

## PLAN REIMBURSEMENT

up to \$4,000 (Plan 1)

up to \$2,000 (Plan 2)

*Per service interval*

Harmful deposits and varnish build-up - Resulting from worn-out, oxidized brake Fluid - are apparent on this brake master Cylinder piston assembly.

# Drive Line Service

## The Problem:

Lubrication failure and worn gears.

## The Result:

Smoother gear-shifting, extended component-life. Full synthetic oil.

## PLAN REIMBURSEMENT

up to \$4,000 (Plan 1)

up to \$2,000 (Plan 2)

*Per service interval*

Heavy deposits reduce Equipment life.

BG Drive Line Service keeps bearings and gears free of varnish and deposits.

# Climate Control Services

## The Problem:

Fungus, mold and bacterial growth that is blown into the passenger compartment.

## The Result:

The air inside your vehicle will be much cleaner and 4 to 5 degrees cooler, thanks to increased efficiency. Results may vary.

Odors, bacteria, mold, spores, fungi, road grime, nicotine oils and debris accumulate in your car's air conditioning evaporator.

BG Climate Control Service restores heating / cooling efficiency and freshens interior air.

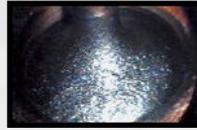

# Lubrication & Fuel Deposit Control Service

## The Problem:

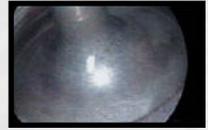

Deposits form in the oil and fuel injectors and combustion chambers over time.

## The Result:

Eliminate the build-up of fuel and oil deposits between oil changes.

Intake valves in test engine were dirty after 3,000 miles/4,800 km of driving.

Intake valves were spotlessly cleaned after one tankful of fuel using BG MI 3000® Plus in the fuel tank.

## PLAN REIMBURSEMENT

## MIRACLE ADVANTAGE

### The Miracle Advantages

Our customers are special to us, and we consider our community to be our family. That's why we developed 8 valuable advantages for our customers. Consider these a series of exclusive benefits designed to make your buying and ownership experience as rewarding as possible.

Murphy Auto Group has always been family-owned and operated. The advantages were originally conceived by our founder, Dennis Murphy, to do more for our customers. Combined, these benefits create The Miracle Advantage which is included in all new and qualifying used vehicle purchases at any of our Miracle dealerships!
